**RE: *Important Information – Xfinity TV Changes***

Dear Chairman and Members of the Board:

We are committed to keeping you and our customers informed about changes to Xfinity TV services. As the broadcast industry's business environment and practices regarding the carriage of out-of-market broadcast stations continue to change, we must assess and adjust our channel lineups to reflect these carriage changes. Accordingly, please note the following change to the Xfinity lineup provided in your community, effective June 28, 2021:

- WSBK (MY) will move from Channels 14 and 1038 to Channel 1198.

Your community is designated by Nielsen as part of the Springfield television market and the station listed above is an out-of-market broadcaster in your area. News from out-of-market broadcasters can be found on the station websites, on Tubi in some locations – which is available on X1 at no cost – or via the NewsON app. Syndicated programming carried by out-of-market broadcasters can be found on local in-market stations.

*Other Programming Changes*

- Effective May 18, 2021, AHC HD, LOGO HD, and Flix HD will be available on Channels 1480, 1439, and 1771, respectively, to customers who subscribe to the Digital Preferred tier and who have X1 equipment.
- Effective June 30, 2021, the distributor of Newsy has informed Comcast that the channel will cease operation as a traditional TV channel. It will continue to be available as part of the Xumo app.

Customers are receiving notice of these changes in their bill. If I can be of any further assistance, please feel free to contact me at 413-730-4513 if you have any questions.

Sincerely,

Eileen Leahy  
Sr. Manager, Government & Regulatory Affairs
