On Wednesday December 29, 2021 from 4:41pm to 5:40pm, I conducted checks of establishments licensed by the town of Longmeadow to sell alcoholic beverages. My undercover operatives, a 19 year old female and a 19 year old male, volunteered to assist the LPD with Alcoholic Compliance Checks. The female was wearing a gray jacket, green sweater, black leggings, and grey boots. The male was wearing a navy blue long sleeve shirt, blue jeans, and white sneakers. Photographs of both volunteers were taken and they were read and agreed to understanding the parameters of the operation. Both volunteers signed the Compliance Check Guidelines. We use the Compliance Check Guidelines set forth by the Alcohol Beverages Control Commission. They also each took a portable breath test which indicated they did not have any presence of alcohol on their breath. It should be noted that both volunteers were vaccinated against Covid-19 and chose not to wear face masks into each establishment.

The volunteers rode along with me in Car 7 which is a grey unmarked Ford Explorer police vehicle. At 4:41pm, we arrived at our first location, Longmeadow Package Store. At each establishment, I would park so I could clearly watch the volunteers enter and exit each establishment. Only the Volunteers would enter and exit the establishments unless they were served alcohol or successfully purchased an alcoholic beverage.

Five establishments passed Compliance Checks and one failed. Those that passed were: Delaney's Market, Four Seasons Wines/Liquors, Longmeadow Package Store, Posto, and The Meeting House. Ume Asian Bistro failed to ask for identification and served the volunteers alcohol. Max Burger was closed due to Covid 19 concerns. Grapevine Pizzeria and Restaurant, The Kitchen, and One way Brewing were closed due to a change in holiday hours and will be checked again at a later date. Li's Brothers Inn is currently Take-Out only due to the pandemic and was not serving alcohol. The Longmeadow Country Club and Twin Hills Country Club were not checked due to being privately owned.

At 5:01pm, we arrived at Ume Asian Bistro. I parked in a parking space directly in front of Bank of America but I could clearly see the front door of Ume. The volunteers entered the restaurant and sat at two open seats at the bar. Both volunteers spoke with the female bartender and ordered Bud Light bottles. They were told that Bud Light was unavailable so they ordered Coors Light bottles. The bartender placed the drinks in front of the volunteers without asking for identification and the female volunteer sent me a text message informing me that they had just been served.

I entered the restaurant and watched as both volunteers left their seats at the bar and walked towards me. The female volunteer told me the only female bartender behind the bar was the woman who served them the alcohol. I sat down in front of both alcoholic beverages and had the female bartender, later identified as Graziella Facente, come over to speak with me. I asked her if she had asked the two individuals for identification and she stated, "She didn't remember as she was pretty busy." I advised her that she had just served two 19 year olds Coors Light. She had apologized to me and I then obtained her identification and I spoke with the owner of Ume, Hang Huang, who was in the back kitchen and I advised him of the situation. He was advised that he will be receiving a hearing date in the mail.
