For Immediate Release: June 22, 2020

Annual Town Meeting to be held Tuesday, June 23, 2020 at 6PM

The Annual Town Meeting logistics team met this morning and reviewed weather information and updated COVID-19 case numbers. There has been no marked change in COVID-19 positive community cases. Currently, there are 2 positive cases in the community and that number has been relatively consistent for 3 weeks. Weather information and radar has been continuously monitored since last Thursday. The weather pattern is stable for the next two days with a 30% chance of rain on Tuesday. The team has decided to proceed as planned with tomorrow's Annual Town Meeting with a few modifications identified below.

Modifications and Additions for Town Meeting:

- Residents attending Annual Town Meeting should bring an umbrella to use as shade from the sun and/or in the event that rain develops
- A misting tent has been added and will be available for anyone that needs to cool off
- A shelter plan will be developed in the event that rain occurs and people need to be moved to a covered area.

As has been planned all along, chairs, hand sanitizer and bottled water will be provided and extra masks will be available if needed.

Updated information has been added to the Town Meeting website, available [here](#), and includes the recommendations and motions of the Finance Committee, the Town Manager's budget presentation, and information on the citizen petitions.

Tonight, June 22 at 7pm there will be the second and final virtual public forum on the Warrant. Residents are encouraged to participate and ask any questions they may have in advance of tomorrow's Annual Town Meeting.
