Longmeadow Open Space/Recreation Survey 2020-2027

#	OTHER (PLEASE SPECIFY)	DATE
1	Litter is a concern in all these areas and it would be a must if DPW policed these areas more often. How about having a litter patrol in a DPW truck go around each day and 'pick up' instead of working off a work order each time which could take weeks to respond to.	5/7/2020 8:16 PM
2	I very much want all dogs walked in Laurel Park on-leash	5/7/2020 6:45 PM
3	Longmeadow High School Track	3/22/2020 5:41 PM
4	The athletic fields need to be addressed.	3/16/2020 6:44 PM
5	Glenmeadow pool and exercise facilities	3/13/2020 11:09 AM
6	pickle ball at greenwood	3/9/2020 2:44 PM
7	Longmeadow St walking/jogging path - DAILY	3/9/2020 6:39 AM
8	There isn't enough space for indoor or outdoor sports	3/8/2020 9:31 AM
9	Dinn Road "Corn Fields" daily walks around the fields.	3/7/2020 6:46 PM
10	We use the upstairs dance studio at Community House daily.	3/5/2020 4:41 AM
11	LHS Track - we use at least weekly for walking and running	2/26/2020 7:35 PM
12	skate park	2/21/2020 12:26 PM
13	Love to see tennis courts at Bliss repurposed for dog park!	2/20/2020 8:41 AM
14	Need more and better outdoor basketball courts	2/20/2020 8:37 AM
15	My high schooler regularly uses the Wall at the high school fields	2/17/2020 10:45 PM
16	Need a skate park	2/4/2020 8:51 PM
17	At present no children in the school system. Are school facilities regularly open for public use? LHS public swim pool hours and use of gym equipment were contemplated with HS renovation. Are they available for such use?	1/28/2020 10:30 AM
18	Longmeadow High School track - at least once a month	1/27/2020 12:31 PM
19	I hike and bush wack in the woodlands around town. Town needs to participate in the clean up of the Connecticut River. Repair of hiking trail and trail bridges off Mill Rd. Could develop a bike trail from Forest Park to Enfield to access the enfield falls bike trail.	1/25/2020 11:28 PM
20	walking and biking on the sidewalks in town	1/25/2020 8:01 AM
21	Greenwood Pickleball	1/24/2020 4:52 PM
22	Need restrooms open to public 24/7 at bliss and wolf swamp fields	1/23/2020 6:14 PM
23	Smith College indoor track meets	1/23/2020 12:18 PM
24	Need sports fields desperately	1/22/2020 9:04 PM

Longmeadow Open Space/Recreation Survey 2020-2027

ANSWER CHOICES	RESPONSES	
Forest management practices	40.71%	103
Recreational resources in Longmeadow	71.54%	181
Wildlife habitat management	55.73%	141
Land conservation options	51.78%	131
Adaptation to climate change	48.22%	122
Volunteer opportunities	48.62%	123
Total Respondents: 253		

Q6 Do you have anything else to tell or ask us about natural resources, land conservation, open space or recreation needs in Longmeadow?

Answered: 132 Skipped: 293

Longmeadow Open Space/Recreation Survey 2020-2027

#	RESPONSES	DATE
1	This town is known for its beauty and community. Please maintain, do not over-build.	6/2/2020 7:28 PM
2	keep Laurel Park as it was designed to be.	5/22/2020 12:13 PM
3	There needs to be nice, lighted basketball courts in town! That is a major area of weakness. And well maintained soccer fields, which safe parking!	5/19/2020 8:35 PM
4	Longmeadow is a great town with very limited green space. I think it extremely important to safeguard and prevent ANY development of green space since we'll NEVER get it back. The Laurel Park green area should/must be maintained and no loss of green space should be permitted. In fact, extra effort must be taken to restore those areas that have been infringed upon and abused. Keep the green areas GREEN! Thank You!!	5/11/2020 4:16 PM
5	We need space to walk dogs off leash!	5/10/2020 7:11 PM
6	We need a coordinated conservation and use plan for the Meadows/Fannie Stebbins area. Closely monitor plans for the Tennessee Gas 261 pipeline for environmental impacts and safety concerns. The plan should consider its priorities in the event one of the golf courses would become available for development. The town should consider a ban on neonicotinoids and limit use of pesticides whenever possible.	5/7/2020 9:35 PM
7	Litter is a big concern in all recreational areas and along roadways in our town. Please develop a DPW Litter Patrol to drive around and pick up on a daily basis.	5/7/2020 8:16 PM
8	I very much want all dogs walked in Laurel Park to be on-leash	5/7/2020 6:45 PM
9	While I indicated that I believe there is enough space for youth league/town league sports above, I also think the fields, particularly Wolf Swamp Road, need improvement. I said I was "neutral" as to "improving" organized sports/recreational programming for youth above because I think LPRD is currently doing a great job. My kids participate in and enjoy the programming very much.	4/25/2020 11:00 AM
10	When we all die of Coronavirus because the Board of Health doesn't care to enforce anything, nature will fix itself thankfully. The idiots in this town who think everything belongs to them don't deserve to steal from our planet.	4/7/2020 6:06 PM
11	The town needs to preserve wooded areas for walking and nature. Any open fields should not have pavement added for parking. Bliss Park needs some help. Kids have dug holes and built jumps throughout, and the obstacles are dangerous and an eyesore. Also, some of the downed trees in the brook should be removed.	4/1/2020 3:17 PM
12	Dogs should not be allowed off leash in Longmeadow parks, owners should pick up after them in Bliss, Laurel, and Turner parks.	3/30/2020 5:06 PM
13	It would be great to improve on access and use of the ct river which such a great asset that many towns don't have access to. It would increase the value of the two.	3/29/2020 11:22 AM
14	Longmeadow needs to protect and preserve its natural woodlands. People need a place to interact with nature.	3/24/2020 11:08 AM
15	I live near the meadows and I am frustrated with the lack of care of the maintenance of trash and littering on the roads. Emerson Road, Ely Road, West Road, as well as Anthony road are littered with trash and it is appalling that so many DPW workers drive by on a regular basis and nothing is ever done about this. There is far too much litter.	3/22/2020 5:41 PM
16	Avoid deforestation at all costs.	3/21/2020 6:20 PM

Longmeadow Open Space/Recreation Survey 2020-2027

17	I would like to see a map of land for hiking/walking/biking in Longmeadow. I didn't know about some of the areas listed above, or how to get to them.	3/21/2020 2:56 PM
18	Is there a forestry person who can best advise me on preserving my wooded lot backing into Longmeadow Creek	3/21/2020 1:47 PM
19	More walking paths. More sitting areas.	3/20/2020 1:41 PM
20	clean up and removeblown over trees and the deadfall from the october snow storm in turner park.	3/16/2020 7:59 PM
21	I appreciate the open space in town.	3/16/2020 3:05 PM
22	Only that I appreciate your seeking input, and I appreciate your efforts.	3/16/2020 10:08 AM
23	Any undeveloped land should stay that way if at all possible.	3/16/2020 9:48 AM
24	Keep the dingles alive.	3/15/2020 1:22 PM
25	When I was younger I played pick up soccer weekly at wolf swamp. That was a great experience. A lot of people showed up. Young and old. I hope the town can help support this and other similar opportunities for unorganized community activities.	3/14/2020 4:33 PM
26	I shoot baskets, during good and sometimes bad weather, once or twice a day - at Bliss Park court or Center School. I always appreciate it if nets are replaced - and when courts are kept clear.	3/14/2020 10:11 AM
27	30% of the population in town are seniors, many with inadequate housing and basic living needs. The focus of the available space should address senior needs	3/13/2020 11:09 AM
28	We need to continue to maintain and upgrade our open spaces. Longmeadow is beautiful and taking care of our environment is important to all generations. Thank you.	3/13/2020 6:46 AM
29	It's upsetting to see trees being cut down in the woods, particularly in the Bliss Park woods. It appears that there could be a better use of resources. Also, in the Fall, I have seen town workers leave blowing the paths in the Bliss Park Woods. Although it may appear to be helpful for maintaining the walking paths, it destroys the natural coating that the leaves and pine needles provide. The bare ground that is exposed is prone to flooding, and more dangerously icing during the winter months. It would be better left untouched.	3/11/2020 4:13 PM
30	The use of recreation areas should be prioritized to the town residents, more than one time, me like other left the Bliss park for the presence of too many people coming from out of town, the loud music or the rubbish left on the ground. Also some sort of contribution to the maintenance of the premises should be paid from who is not a Longmeadow residence.	3/10/2020 9:23 PM
31	To be a competitive swim town, we need functioning swim pool and proper swim program for our kids to be a competitive swimmers.	3/10/2020 8:55 PM
32	My family is new to town and we chose to live in Longmeadow specifically for its sidewalk infrastructure, tree canopy, and access to nice local parks with trails and lots of trees. We definitely would love to see these things maintained as it greatly enhances our quality of life, the beauty of the town, and imparts a sense of peace. We haven't been here long enough to have enjoyed all of the wonderful amenities and recreational options (tennis courts, pools, etc), but we look forward to it. These things are important in promoting a connected and active community, which is something we highly value.	3/10/2020 7:42 PM
33	Need better and lots more crosswalks on Longmeadow st and laurel st	3/10/2020 5:31 PM
34	can we establish a dog park?	3/10/2020 2:08 PM

Longmeadow Open Space/Recreation Survey 2020-2027

35	Would like to see a rail trail type path in town. East Longmeadow has one but only 2.5 miles in length	3/10/2020 12:37 PM
36	Improving the trail systems on turner and bliss walking trails. Eliminating excessive trails made by users. Erosion is a major problem. Improving the trails will ensure they're usable for generations to come.	3/9/2020 10:18 PM
37	Maintaining limited retail operations throughout town is a really nice feature of this community, it should be continued.	3/9/2020 7:16 PM
38	4 pickle courts at adult center outside will attract morethan 2 courts, due to 4 plus in other towns. 2 is just a bit to little 4 is perfect to keep play active	3/9/2020 2:44 PM
39	Making young families happy is important to keeping our property values up	3/9/2020 8:56 AM
40	We need more public restrooms and water fountains.	3/8/2020 5:37 PM
41	I think the biggest problem with longmeadow open spaces is longmeadow residents allow their dogs to run around unleashed and when they jump on you the rude owners say its ok he won't bite. More effort should be put into stopping this behavior. You cant go on the trails with kids because rude folk just let their dogs go wild	3/8/2020 5:24 PM
42	Specifically about on-road bike lanes. Wherever I see these, I think they are a bad idea. They pose a problem for drivers who don't know what to do because the lanes inevitably come to an abrupt end, leaving both the driver and bicyclist in a quandary.	3/8/2020 4:37 PM
43	It's extremely important to provide recreational areas for youth that DO NOT partake in organized athletic programs. Skateboarding, etc.	3/8/2020 11:55 AM
44	Begging you not to mess with the River area.	3/8/2020 10:42 AM
45	Before considering synthetic turf for athletic fields, look into its introduction of micro plastics into the environment. To me, synthetic turf seems to go against responsible land management.	3/8/2020 10:10 AM
46	Wish we could volunteer for more but already volunteer for numerous sports team, sports boards, and booster clubs. More field space has been needed for so many years. My child's home field for soccer was Chestnut field! Hypodermic needles everywhere.) We have to pay extra to go to Sportsworld for spring tryouts for sports. Have to travel there for tryouts on a weekday at 4pm. High School Girls have to go at 3pm! You can't get a license until 16 1/2 and then you have to have a 3rd car. If we had turf available this wouldn't be an issue. Kids are throwing baseballs in parking lots to practice. Many families have two working parents and work this is a hardship for families. There should be turf available. Revisit the issue. ALL TOWNS HAVE THIS AVAILABLE.	3/8/2020 9:31 AM
47	The Agricultural/conservation land is a defining part of our town and history. It deserves our highest priority to protect this precious area. Once it is gone we can never get it back.	3/8/2020 9:04 AM
48	The land which we call "The Cornfields" or the "Leaf Dump" at the corner of Dinn Road is filled with trash from the farmer, the laborers, illegal dumping and general littering.	3/7/2020 6:46 PM
49	The wildlife habitat should be a higher priority.	3/7/2020 6:39 PM
50	Would love to see new Senior Center or Wolf Swamp Road School considered as a future location for Adult Co-Ed Volleyball on Monday Nights (Glenbrook Middle School's ceiling is way too low and greatly inhibits volleyball play there). Please reply to: ccolescole@yahoo.com. Thank you.	3/7/2020 5:05 PM
51	Public access to swimming pools (eg, at Longmeadow High School) is too much restricted/too limited.	3/7/2020 3:57 PM

Longmeadow Open Space/Recreation Survey 2020-2027

52	Would like to have access to swimming during the winter months. Access to the high school pool during the winter would be high on my list of needs in town. // I used many of the parks/facilities more when my kids were younger. Now I look for bike riding, (on-road), swimming, (fall/winter/spring time frame), hiking, (just getting back into it). Would also like more public access to river. As I am nearing retirement, these activities become more important to me as I now work in CT and often can not enjoy facilities in Town during the day.	3/7/2020 2:59 PM
53	Although my children have long since aged out, the athletic fields are very important to your town and families!	3/7/2020 9:58 AM
54	Are there plans to make Turner Pond more accessible? And introduce recreation activities and faculties back there?	3/6/2020 7:45 AM
55	Very popular dance programming could use updating to dance studio at Community House.	3/5/2020 4:41 AM
56	i would like to bow hunt in town, is there anywhere that I can do this?	3/3/2020 7:58 PM
57	would love to see somewhere for kids to skateboard/scooter	2/29/2020 5:36 PM
58	Please focus quickly on improving the athletic fields for youth they are very dangerous. Especially the parking lot of Wolf Swamp Fields.	2/29/2020 8:32 AM
59	We need to put money into improving and maintaining the recreational areas we have - they are in terrible shape - especially the school fields that are used daily - The Town should be embarrassed base on our taxes. Other towns do much better!!!	2/28/2020 3:08 PM
60	We do not need a synthetic turf field nor do we need a gravel walking track at Wolf Swamp. I walk regularly on the high school track and find it sufficient. Also, I feel that the town does a poor job overall maintaining the public space and buildigs we have. I am disappointed in the weeds growing around the high school, the track and other public areas. We shouldn't expand any additional areas if we can't maintain them.	2/26/2020 7:35 PM
61	Get rid of the nuisance bike track in Laurel Park; better cleanup of parks by Park & Rec, better mowing & leaf cleanup of small parks	2/24/2020 2:44 PM
62	skate park,\paddle ball courts/pickle ball courts/handball courts/ dog park	2/21/2020 12:26 PM
63	Much better pedestrian / biker safety at intersections, especially the shops	2/20/2020 10:41 PM
64	I think we have some great space in town, but these areas are not maintained. Longmeadow has the HIGHEST tax rate in the state and our town fields are embarrassing. Having children in the town sports it is extremely frustrating and disappointing to see the condition of the athletic fields. The Bliss park baseball fields go weeks without being mowed in the spring and summer. The kids end up playing in a knee high mix of crab grass, dandelions and dog poop. Since I've been in town, there has been zero effort to improve the condition on these fields. In the spring of 2019 Longmeadow was supposed to host a large youth lacrosse tournament. Unfortunately, due to the poor conditions of the Wold Swamp fields most of the teams back out and we had to relocate the tournament to Suffield. The field is littered with holes, undulations and bare spots with no grass. These conditions create an unsafe environment for the kids to play. We have witnessed multiple injuries (twisted ankles) because of the field conditions. The Blueberry Hill school fields are an extension of my back yard. These field has very little coverage of grass/weeds and is very uneven. The minimal grass/weed coverage, the field becomes a dust bowl and is usually completely burnt out by June. Its shocking that there are soccer practices being held at this field.	2/20/2020 9:20 AM
65	I just want to say thank you for your incredible work! I moved to town a little under 2 years ago, and a major deciding factor was how the land was used. My family of 5 enjoy using trails, going for runs and engaging in sports including Track, Cross-Country, Basketball and Soccer. We use the Bliss pool, and the Stebbins hiking trails. I am most excited for the new track and running trail at Wolf Swamp.	2/18/2020 8:07 AM

Longmeadow Open Space/Recreation Survey 2020-2027

66	Use CPA funds to purchase land for use as open space. This includes properties that are currently listed under residential tax status-these properties could be used as "swap" properties in the future.	2/17/2020 9:30 AM
67	Please leave the open space as open space. No more housing units!	2/14/2020 9:21 AM
68	We need more flexible field space, that any sport can use and not more space restricted to only one type of sport.	2/14/2020 9:15 AM
69	We need to be sure that Bliss and Laurel Park are recorded and protected as public parks.	2/9/2020 2:07 PM
70	Our sports fields are an embarrassment and need a major overhaul!!!!	2/9/2020 7:57 AM
71	-Continue efforts of restoring and maintaining suburban tree canopy along tree belts throughout town. -Establish pedestrian walkway/bike trail adjacent to roadway in the meadows. -Create ordinance to deter excessive residential and business exterior lighting...preserving dark skies and reducing wildlife confusion caused by excessive lighting.	2/9/2020 1:14 AM
72	Please keep our open spaces in town & add Bike lanes as possible	2/8/2020 4:57 PM
73	Thank you for your efforts. preservation of natural habitat is critical to all of our futures.	2/8/2020 1:48 PM
74	I would like to propose and would be happy to work on the implementation of an outdoor hockey/skating rink in town during winter months.	2/7/2020 1:40 PM
75	No artificial turf needed or wanted	2/5/2020 11:02 PM
76	The town needs to enforce dog owners to be responsible and clean up after their dogs. It is very unpleasant to walk on local sidewalks due to the abundance of dog waste. I regularly have to side step several times within the span of just 1 residential block and main arteries such as Converse are worse. My family cleans up after our 2 dogs without fail and it seems like we are in the minority. This is no excuse for not picking up after a dog.	2/5/2020 12:05 PM
77	The addition of a disc golf course would be a great attraction that works with nature. It is a fast growing sport in the USA!	2/5/2020 11:08 AM
78	We need more baseball fields!	2/4/2020 10:05 PM
79	We need a dog park ASAP. So many dogs but no place where they can play together- really disappointing.	2/4/2020 9:46 PM
80	We love living in longmeadow... we have enough fields for organized sports. Let's protect and focus on nature and conservation.	2/4/2020 8:20 PM
81	If you pave the access road to Turner Pond Park, please fence off a walking section, as paving will increase speeds of cars on the road, endangering people and dogs walking to and from the pond area.	2/4/2020 7:58 PM
82	Why are you dumping the asbestos ruins from the new dpw facility area so close to/in stebbins wildlife refuge. The runoff is gonna hurt the water and animals	2/4/2020 7:56 PM
83	I think we have to be careful that we do not continue to develop land that is currently being used by migrating animals	1/30/2020 9:45 PM
84	I feel strongly that we need to hold onto the open space we presently have in Longmeadow. We must not alter the migratory pathways for birds and wildlife. Cherish this. If we need to build something do so, not in our open spaces.	1/30/2020 9:44 AM
85	The environmental health, cleanliness and flow of our many dingles, brooks and streams should be better managed to protect their content and natural flow rates as they wend their way to the CT River through the now nationally protected CT River watershed and flood plain. A cost analysis over-time between natural turf and synthetic turf and the relative safety of	1/28/2020 10:30 AM

Longmeadow Open Space/Recreation Survey 2020-2027

these surfaces IF PROPERLY MAINTAINED should be undertaken to inform citizens and direct future decisions as to their relative viability.

86	Not a fan of the bike lane on Converse Street. There's also not enough trees and/or gardens.	1/28/2020 12:33 AM
87	Please bring back lap swim at the Longmeadow High School pool for in town adults. This should be year round at night and offer an opportunity for youth to be employed as lifeguards.	1/26/2020 4:06 PM
88	More open space for passive recreation opportunities. Public boat dock, not just ramp, during warm weather seasons for river access/use. Use community preservation funds to buy land for open space. Turner park should be inventoried for species that might be protected/endangered. Dredge laurel park pond so that fishing use increases.	1/26/2020 9:42 AM
89	Lower our taxes	1/26/2020 3:42 AM
90	Again Connecticut River Cleanup. Develop off road biking trail. Rental kayak / canoes at Yacht club or town riverside park. Need campaign to control invasives. How about a bike trail from the meadows (Pond Side) under the South End Bridge bridge to the Springfield Ct River bike trail - this is a game changer like a river Bike trail in Philadelphia, San Antonia - elevated on pilings connecting to the city.	1/25/2020 11:28 PM
91	I think the pools and pool buildings are in very poor condition. I think it's important to have public pools. We've lived in other states (similar climate and seasons) but the pool pass prices here are the highest that we've ever seen and the pools are the lowest quality, i.e. lack of children's pool, diving area, lap pool, chairs, general condition of the changing areas.	1/25/2020 10:27 PM
92	Pickle ball needs to be available	1/25/2020 10:14 PM
93	I have noted that over the years the trees have thinned in Longmeadow. Thank you for planting new trees. We need to keep up our canopy it helps to keep Longmeadow cool in hot temperatures.	1/25/2020 10:07 PM
94	The city needs to buy strople field from library,fix and expand parking area, trim and remove some trees.	1/25/2020 12:54 PM
95	There needs to be a sidewalk and/or bike lane along Shaker Road from Prynwood to Woodsley Road.	1/25/2020 9:40 AM
96	I'd like to see the parks and conservation areas regularly maintained, improved and budgeted for by the Town instead of using community preservation funds for projects initiated by concerned citizens.	1/25/2020 8:01 AM
97	Stop illegal use of Bliss park for running dogs off-leash. Instead, create a dog park. Public parks should be for people not dogs. People who don't want to pick up after their dogs destroy the enjoyment for others. The adult center should have been located at Bliss Park. It was shot down by nimby abutters and dog "walkers" (owners of off-leash dogs).	1/24/2020 5:10 PM
98	There is a continuing challenge with the availability and maintenance of youth sports fields. For the taxes we pay the Town (DPW) should be taking a much more active and effective role in maintaining high-quality and safe fields for kids' sports.	1/24/2020 8:38 AM
99	Pay down debt and stop trying to look for new ways to spend money.	1/24/2020 7:27 AM
100	I appreciate that a group is looking at our land space and options so carefully. I appreciate the survey and hope to make your meeting in March. Additionally, many of the spaces are not places I frequent as often now as I did when my kids were younger. Within the year, our family time is spent mostly on fields and in gyms but when they were younger we were at the parks, pools, Community house and trails much more often.	1/24/2020 5:44 AM
101	There is not enough available space for recreation teams in Longmeadow. The high school charges a fee to use their facilities for other sports teams, it's not right. For a town like Longmeadow we should be investing in a more dedicated space for teams to utilize indoor and outdoor. Right now teams are having to use spaces that do not accommodate their sport	1/23/2020 10:49 PM

Longmeadow Open Space/Recreation Survey 2020-2027

appropriately. Their needs to be more flexibility when working on teams Scheduling needs and more celebration And recognition of our towns teams achievements.

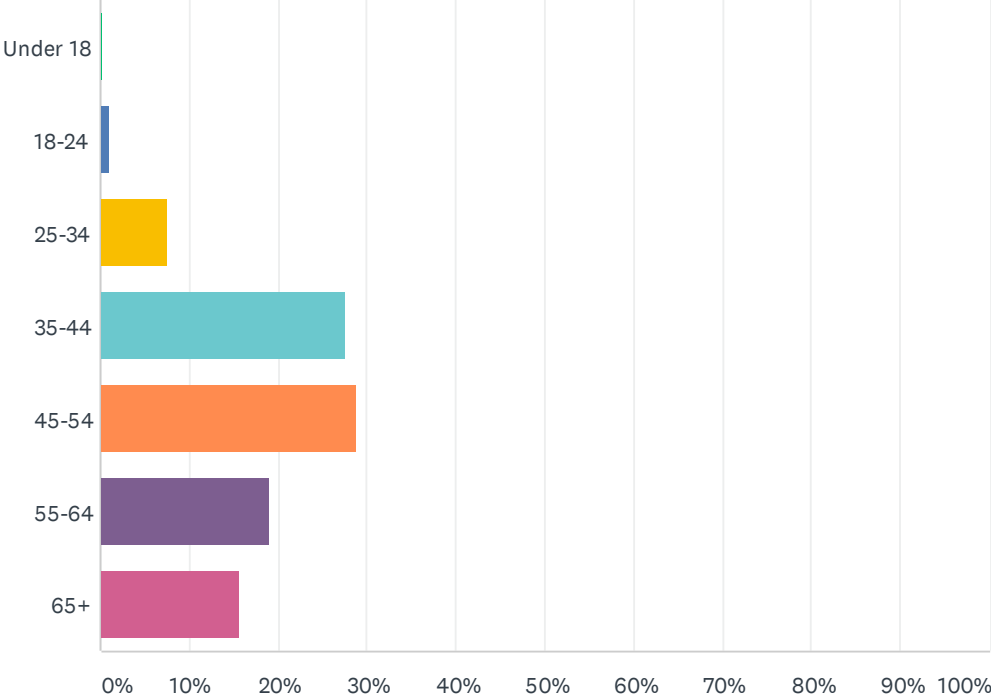

102	As a town we need to take better care of our fields at schools-possible irrigation, keeping them mowed (Ex-wolf swamp road school, glenbrook middle school etc). Also fields at bliss park need to be better maintained to help support our young teeball program (mowing regularly and also ensuring no large holes in the field).	1/23/2020 10:13 PM
103	Conservation lands need to be protected. Wish for more winter open time basketball courts for pick up games.	1/23/2020 9:37 PM
104	Thank you for working on this important topic.	1/23/2020 9:20 PM
105	As a parent with two Elementary aged children who are heavily involved in town sports, I am extremely disappointed in the conditions of some of the rec fields they play on. Wolf Swamp, Glenbrook and Bliss are all in horrible shape. Quite frankly, they are dangerous for our student athletes. Uneven surfaces and extremely patchy "grass" aka weeds that I've seen countless children trip over. Having traveled to other towns for both soccer and baseball, our town fields (with the exception of Turner and Strople) are an embarrassment. I would love to see more time and money spent on improving the Youth fields in Longmeadow. The High school fields are fantastic. Thank you for taking the time to ask the public their opinion on this subject!	1/23/2020 7:07 PM
106	There are very few outdoor basketball courts. There are only two that I know of. one at bliss park which is not in good condition. the other is the parking lot at greenwood pool which is even worse. I think some of the tennis courts In town should be made into basketball courts. This survey did not even explicitly ask about outdoor basketball courts. However there were many questions about tennis courts.	1/23/2020 6:46 PM
107	More basketball hoops around town, it's really sad that the greenwood park hoop is gone, many kids used that hoop. It would be nice to see it replaced on this side of town.	1/23/2020 6:41 PM
108	We need another 90' baseball field. Having only the Highschool and DiPippo fields is not enough.	1/23/2020 6:34 PM
109	The high school missed an opportunity for a donated turf field... we need a turf field!	1/23/2020 6:14 PM
110	1. I would like to see additional research into the feasibility of a skate park, brought up in the November town meeting. That was the first I heard of the idea, but think it would be worth looking into for additional rec options. 2. I would like to see an improvement plan for existing athletic fields. Is the soil & subsoil adequate to support grass growth? Besides a fix to put in irrigation, what is the 5-20 year maintenance plan to maintain potential improvements? 3. I would like to see better field management when practicing. There is a perceived shortage of fields, but could we practice smarter (2 teams split a field...club sports do it all the time, why can't we?) Could we install lights or use temp lights to extend field use into the evenings?	1/23/2020 5:54 PM
111	The athletic fields in this town are truly embarrassing	1/23/2020 4:52 PM
112	Should use community preservation funds to purchase more land for use as open space.	1/23/2020 12:30 PM
113	Turf field is needed desperately!	1/23/2020 12:18 PM
114	Speeders on Bark Haul Road!! Install camera's to catch them. My dog, on a leash, and myself have had to jump out of the way of some drivers down there!!	1/23/2020 11:23 AM
115	Field and gym space in town is severely lacking. Also need to maintain our existing fields or make them playable via irrigation and regular maintenance.	1/23/2020 9:51 AM

Longmeadow Open Space/Recreation Survey 2020-2027

116	The playgrounds at both Bliss and Greenwood are becoming outdated, need to be repaired/replaced. Athletic fields are a mess. Fields covered in clover to attract bees, ant hills everywhere resulting in ants on the kids.	1/23/2020 9:48 AM
117	More playgrounds please or at least update the ones we have. More handicapped accessible options for kids to play. Let's make our town more inclusive.	1/23/2020 5:48 AM
118	We swim out of town because we have a child in diapers who can't use town facilities. As for bike lines and sidewalks, I find there are enough quiet residential neighborhoods that I don't need them on all streets. I would like the road the country club is on to have a sidewalk or bike lane.	1/22/2020 10:33 PM
119	Our Bylaws are dated And do not match the current thoughts of parents and youth. Longmeadow needs development more than we need to protect green space or trees. Food truck Fridays on the green, better care of baseball fields, Adding sports fields in the flood plains, And off leash dog park are just some ideas i've heard from residents.	1/22/2020 9:58 PM
120	We need a skatepark!	1/22/2020 9:55 PM
121	I support a feasibility study for a Longmeadow skate park.	1/22/2020 9:46 PM
122	Maintaining and protecting our open space is vital. We have not taken care of the parks to the best of our ability. Invasive, vines and weeds need attention.	1/22/2020 9:40 PM
123	We could use a skate park	1/22/2020 9:38 PM
124	Turf is a necessary evil for competitive high school athletics. It also supports youth programs offering safe, weather resistant fields. I am personally very involved in youth sports and very against toxic chemicals (including harsh fertilizers). While turf isn't ideal in some ways, it really would improve the options for youth sports (and adult recreation, as well). Also revenue potential. More fields in general is ideal. Thank you.	1/22/2020 9:04 PM
125	Need youth athletic fields.	1/22/2020 7:54 PM
126	I've lived here for 3 years and still have no idea what is offered in the town other than the parks and rec catalog. There are so many missing programs and events and no way to find out about the parks and open space. I wish there was more community outreach and publications.	1/22/2020 7:46 PM
127	Would love a fenced in dog park in longmeadow. Currently we have to drive to East longmeadow for this.	1/22/2020 7:40 PM
128	I would love to see more playgrounds. Would be nice to have neighborhood playgrounds that are walkable for everyone	1/22/2020 7:26 PM
129	Would love to see a members only resident dog park	1/22/2020 7:20 PM
130	I would love more information on these resources. Several listed I did not even in now they existed!	1/22/2020 7:01 PM
131	Over the past 39 years have used most of these important resources that make this town so livable for all ages. The fields, and green spaces are important. Live in an area that abuts conservation land and the importance to human and wildlife is invaluable.	1/22/2020 6:39 PM
132	I object to dog-owners letting their dogs go off-leash in the parks. I especially object to them not picking up after their dogs, whether they poop on the path or off of it.	1/22/2020 3:31 PM

Q7 Who is completing this survey?

Answered: 420 Skipped: 5

Longmeadow Open Space/Recreation Survey 2020-2027

ANSWER CHOICES	RESPONSES	
Under 18	0.24%	1
18-24	0.95%	4
25-34	7.62%	32
35-44	27.62%	116
45-54	28.81%	121
55-64	19.05%	80
65+	15.71%	66
TOTAL	420	

Q8 Please add your email if you'd like to be informed of future meetings, progress and follow up regarding the Longmeadow Open Space and Recreation Plan. Thank you!
